

*I can wholeheartedly recommend CJP to anyone trying to learn Polish. I, personally, came back to this school for private lessons several years in a row. Being an interpreter, I learned a few foreign languages in my career and can honestly say that these lessons were very well prepared and tailor-made to my specific professional situation. All the teachers are highly competent, experienced and forthcoming. They give you enough material during the lessons as well as for homework (if you are interested) and are able to make you further your knowledge of Polish rapidly in a short amount of time. Given the small size of the school, lessons take place in a cosy, familial atmosphere. It was a real treat learning Polish with them.*
